Aroma oil Collection

Aroma oils are concentrated plant extracts that release fragrant scents when diffused. Often used in aromatherapy, they are believed to promote relaxation, improve mood, and even alleviate certain elements. Popular aroma oils include Lavender, Peppermint, and Eucalyptus. These oils can be diffused using a diffuser or added to baths and massage oils.

Benefits

- ◆ Helps with concentration/ Meditation
- ◆ Calming effect into the senses
- ◆ Freshens the air
- ◆ Stress healing
- ◆ Boost the mood

Sizes : 10 ml, 50 ml, 100 ml, 500 ml, and 1 Kg.

10 ml (set of 6)

PREMIUM

ESSENTIAL OILS

EVERY ONE
NEEDS

Essential oils are concentrated liquids containing volatile aromatic compounds extracted from plants. These potent oils capture the plant's scent and essence, offering a variety of uses. Popular applications include aromatherapy, promoting relaxation, and supporting respiratory health. Essential oils can be diffused or applied topically (when diluted with a carrier oil).

10 ml (set of 5)

Chakras

SEVEN CHAKRA

Simplicity and aesthetics

Seven chakra candles are designed to balance the body's energy centers. Each chakra is associated with a color and scent and the candles are meant to promote emotional and spiritual well-being. They're popular for use in meditation, yoga or simply creating a relaxing atmosphere.

S H A P E C A N D L E S

Scented shape candles combine the ambiance of a burning candle with the decorative appeal of a small sculpture. They come in a wide variety of shapes, from classic like hearts and stars to more whimsical designs like animals and fruits. These candles not only fill your home with a pleasant fragrance, but also add a touch of personality to your decor.

TEALIGHT

CANDLES

HAND POURED

Tealight candles are small, self-contained candles encased in a thin metal or plastic cup. They are typically inexpensive, burn for a few hours and come in scented and unscented varieties. Tealights are versatile and can be used for creating ambience, aromatherapy, or providing light during power outages.
